Amharic(Native)

English(Professional Proficiency)

## About Me

I'm a passionate and detail-oriented Web Developer with a background in Computer Science and hands-on experience building responsive, scalable web applications. Currently working as a Computer Programmer at Ethiopian Electric Power, I specialize in developing modern front-end interfaces with Angular and robust back-end systems using C# and ASP.NET Core. I'm a quick learner, team player, and driven to build meaningful digital solutions.

## WORK EXPERIENCE

Jul 2023 – Present

### Computer Programmer

#### Ethiopian Electric Power

- Developed internal enterprise applications using Angular (frontend) and C# ASP.NET Core (backend)
- Integrated RESTful APIs to streamline data communication across systems
- Maintained and refactored legacy code to improve performance and maintainability
- Participated in code reviews, version control (Git), and Agile development cycles

#### Projects Participation

- Performance Management System
- Clinic Management System
- Organization Website
